

2 MEN INJURED AS PLANE CRASHES IN WOODS AT LAHASKA

Pilot Reported to Have Been Stunting Before Crash Occurred

STATE POLICE PROBE

Pilot and Passenger Only Slightly Hurt; Plane Is Wrecked

LAHASKA, July 11—A rented monoplane crashed into woods adjacent to a church camp grounds at Deer Park here Saturday and two men suffered bruises.

David H. Beckmann, 27, Philadelphia, was reported stunting the plane before the crash occurred. Beckmann and his passenger, James Mangano, 20, also of Philadelphia, were treated by a physician for bruises.

The Piper Cub trainer flown by Beckmann hit trees in a wooded slope less than 150 yards from where 350 persons were walking about in attendance at the Latter Day Saints (Mormon) reunion. Deer Park is about three miles from New Hope.

Scores of persons witnessed the plane swoop in over their heads and then crash. They saw Beckmann and Mangano emerge from the wrecked plane. The wings of the ship were later removed so that the fuselage could be squeezed between trees in the woods. The plane then was taken back to the Flying Dutchman Airport at Somerton, where Beckmann, a licensed private pilot with 200 hours time, had rented the ship.

Beckmann is a member of the Reorganized Latter Day Saints Church in Philadelphia, whose parishioners were at the camp grounds when the plane flew overhead. The tail of the plane caught in a tree top. The ship veered around and plunged nose down to the ground.

Trooper Boleslaw Wojciechowicz of the Doylestown Station of the Pennsylvania State Police was sent to the scene. He questioned Beckmann, and said the pilot admitted stunting the ship.

The investigation has been turned over to the air inspector of the State Police for completion.

Elmer H. Hughes Dies Suddenly at Picnic

MORRISVILLE, July 11—Elmer H. Hughes, 66 years old, of 296 Ruthersville avenue, Trenton, N. J., died suddenly Saturday evening while attending a picnic in Morrisville. Hughes was stricken with a heart attack. J. Alfred Rigby, Bucks County coroner, investigated and issued a burial certificate.

The picnic was being held at the home of James A. Eby, 88 Fairview avenue, and was being conducted by Trenton Chapter 212, Order of the Eastern Star.

Hughes had been employed for many years as a clerk by the Standard Oil Company. He was active in fraternal work and in addition to the Eastern Star held membership in Columbian Lodge No. 120, F. & A. M.; White Shrine Lodge No. 6; and Mercer Court, No. 48, Order of Amaranth.

He was the husband of Mrs. Mamie Wallman Hughes. In addition to her, he leaves a sister, Mrs. Jessie Melley, of this city.

AFTERNOON PARTY

A card party will be given Wednesday afternoon at 1:30 on the lawn of the home of Mrs. Melvin Johnson, Newportville. This party is given by the pink team of Lily Rebekah Lodge.

Phila. Scout Wins Award For Heroism Near Here

A Philadelphia Boy Scout, Francis G. McGuire, 16, of 3078 Ruth street, has been named Boy Scout of the Month, on a Philadelphia radio program. "This Week in Philadelphia." He received the Boy Scout Award for Service as a reward for his heroic action in saving a boy from drowning at Eddington. McGuire, a member of Sea Scout Ship Hornet, 180, sponsored by the Wyke Memorial Presbyterian Church, Philadelphia, jumped fully clothed into the water at the Dale Sea Scout Base, Eddington, on Sunday, June 26, to rescue the youngster. The boy, about seven, had gone under after tumbling from an inflated inner tube in which he was paddling with another boy. After being brought to shore, the lad thanked his rescuer and ran off without giving his name.

The Boy Scouts are interested in locating the unidentified boy, who will have the opportunity of taking free swimming instruction at one of the classes conducted by the Scouts.

Young McGuire was nominated for the award by George S. Porter, western district executive of the Philadelphia Council, Boy Scouts of America, who has harbor-master at the Eddington base and witnessed the boy's courageous act.

As recipient of the award, Francis earned an engraved wrist watch, as well as framed citations for himself and his troop. He also became eligible to receive the state's "Scout of the Year" award next February as one of the 1949 monthly winners.

HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To All in The Various Communities

GLEANED BY SCRIBES

Instead of holding a formal meeting at the Sellersville American Legion post home Thursday, Sellersville Kiwanians witnessed an interesting baseball game on the playground as guests of Kiwanian William E. Stealy.

Following a brief dinner meeting, Mr. Stealy, sponsor and manager of the Sellersville Redbirds, a team affiliated with the Perkiomen Valley Twilight League, accompanied the members to the playground, where the Redbirds, made up of Sellersville players, played Souderton, also a member of the league. The game ended in a 6-3 victory for the visitors.

Giving a report at the meeting of Dublin Fire Company, Thursday, Chief Lloyd V. Crouthamel announced before the approximately 30 members in attendance that the volunteers had gone into action three times during the past month.

The first of the three calls was received on June 22, to the home of Walter Smith, Broad street, near Dublin, when a neighbor put in a call when smoke was seen coming from the rear of a chicken house on the Smith property. At first it was thought the chicken house was on fire, but the smoke, it was found, came from a small fire some distance back in the building.

Four days later the company was called to the home of Max Krouse, Bedminster township, to extinguish a blaze after the explosion of an oil stove in the house. The third call on June 29, was to a fire on the Brooks property in Bedminster township, where an auto was afire in the barn.

Miss Laura Frye, county seat soprano, was the soloist at the second in a series of five Doylestown summer band concerts at court house park, Thursday.

Possessing an easy stage presence, Miss Frye, whose brother is seriously ill in the hospital, having figured in a car-bicycle crash, delighted an audience of more than 1,000 with her offerings, which included "Caro Mio Ben," "Where'er You Walk," "Stout Hearted Men" and several encores.

Most effective of her offerings was the Handel aria, "Where'er You Walk," which was sung with a piano accompaniment. Her other numbers included opera, musical comedy and ballads.

Stephen Clarke, York Junior high school music teacher, led the band in "Marche Slav."

Richard Hoxworth and Thawley DeWitt Hayman served as the emcees, and Dr. Manning B. Smith led the song festival.

IT'S THE "BLOCKING HIGH"

Meteorologists have been at
it again. They have come up with
a conclusion or two, none of
which will be much comfort to
the overheated and fretful citizen
of the East Coast, or other points.

They say this business has its
beginnings early last winter, when
Arctic air masses, which call the
turn on weather in the United
States, got out of whack. Nor-
mally, these third dimension
weather men say, the traffic pat-
tern of United States weather is
from west to east. After an ex-
ceedingly mild winter in the East,
everything should have started all
over again in April or May. But
it didn't happen that way.

During May, what they call a
"blocking high" formed in south-
ern Canada, and stopped the flow
of the west to east traffic. The
moistness took a bank shot off
this blocking high and was shunt-
ed southward. So, the South has
had the lower temperatures, and
excessive rains, while New Eng-
land has seen the land turn to
dust underfoot, and the thermom-
eter soar and stay up there.

What does one do about this
blocking high? Nothing, abso-
lutely nothing. One just sits and
takes it. The way the weather ex-
perts see it now, the remainder
of July will be about the same
piece of cloth as late June. But a
drought that finds a wide area
with only about 25 per cent of the
normal rainfall on the books can-
not be laughed off.

Of course, weather men have
been known to miss their shots.

LOWER, BUT STILL HIGH

There is no element of surprise
in the announcement by the Fed-
eral Reserve Board that the na-
tion's industrial production is
now at the lowest point in three
years and that it is likely to go
somewhat lower. Considering all
the circumstances, it is hard to
see how anything else could have
been expected.

The recession the country is
now experiencing is not pleasant,
but it is a normal reaction to the
unprecedented burst of business
prosperity that set in immediately
after the war. Beginning with
1946 there were so many needs to
be met—houses, automobiles,
household appliances, oil, clothes,
etc.—that industry was given an
impetus it had never had before.
Only the super-optimists or the
unthinking believed that a pace of
that sort could be kept up indefi-
nitely.

The encouraging feature of the
Reserve Board's report is the
statement that production today,
despite the recent drop, is still 74
per cent above the 1935-39 aver-
age. That is a sizable increase and
points up that conditions would
have to become perceptibly worse
before the nation sank near the
prewar industrial status.

The nation's economy gives
every indication of leveling out
on a broad plane of permanent
prosperity, with employment for
all who want it at high wages.
Only one factor can spoil the pat-
tern—impossible demands such as
a few unions are currently mak-
ing.

ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette
issue dated at Bristol Mar. 8, 1900. The Gazette, a weekly news-
paper published in Bristol was discontinued following its merger

The Doylestown Intelligencer
says that petitions are in circula-
tion and are being numerously
signed, asking the establishment of
a mail service trolley, between Do-
ylestown and Bristol. There are 12
post offices between the terminal
points, and a double daily service
is petitioned for. There are steam
railroad services touched by the
trolley road at Wycombe, Newtown,
Langhorne station, besides the ter-
minal, and perhaps, where the
Penna. Cut-off route crosses above
Langhorne. Thus, besides the di-
rect service proposed, there would
be excellent lateral connections
covering almost the whole of lower
Bucks County, to and from the
county seat, if the proposed trolley
service shall be ordered by the Post
Office Department.

Farmers in Penna. Manor, Bucks
County, intend to resume tobacco
culture this season, owing to the
good prices offered for leaf tobacco.

Superintendent Louise D. Baggs
report to the board of school direc-
tors for the month ending February
6, shows the following: Number of
scholars enrolled in the 18 depart-
ments of the borough schools, 792;
greatest number present, 738; least
number present, 597; average at-
tendance, 669; present every half
day, 262; new pupils admitted, 23;
number promoted, 258.

The street commissioner is en-
gaged in opening the fire plugs
and flushing the sewers today.

A double team driven by Israel
Allen, a farmer on the Stackhouse
farm, above Bristol, ran away on
Buckley street yesterday afternoon.
The horses ran up Buckley street,
crossed the Avenue bridge, across
the railroad to Radcliffe, through
Abbott's yard, out on Radcliffe
again and headed for home with
great speed. They were stopped at
the Hollow bridge by Albert White
and Albert Stackhouse. It was
found that the horses were unin-
jured and no damage was done.

(Following items from Gazette of
March 15, 1900.)

The Third Ward Hose Company
will build an addition to its quar-
ters on Swan street to accommodate
the hose crib. The trustees of the

company have been instructed to
make the necessary arrangements
with some expressman for hauling
the chemicals to fires.

S. B. Hibbs, agent for the Trenton
Abattoir Company, has taken pos-
session of the Tabern property, at
the corner of Radcliffe and Market
streets, which will be used as an
ice box and storehouse, from which
the local trade will be supplied with
meats.

The artesian well at the ice plant
was driven to a depth of 405 feet
without striking water and aban-
doned.

Seventeen new subscribers have
been added to the Bristol exchange
of the Delaware & Atlantic Tele-
phone Co. . . .

There is not an idle factory in
Bristol. The wall paper mill is
about ready for occupancy by
Campbell & Company, and the only
remaining manufacturing estab-
lishment which was not under oper-
ation the hosiery mill of J. R. Pear-
son, on Buckley street, has been
leased by a New York firm, Bruhn
& Robinson, who will take posses-
sion as soon as the necessary pa-
pers can be executed. . . .

St. Paul's Mission of Bristol has
presented a petition, under the
canons of the Episcopal Church, to
Bishop Whitaker, asking for a par-
ish priest. The instrument was
signed by 115 members of the Mis-
sion. Bishop Whitaker will serve
notice upon the three neighboring
parishes and within 20 days of such
service those who oppose the pray-
er of the petitioners will have to
show cause before the standing
committee why the request of the
members of the Mission should not
be granted.

Captain George F. Tyler, . . .
during the coming season will com-
mand the steamer "Florence."

Three streets will change occu-
pants this spring in the second
ward. Enoch Edridge will move to
Cornwells; John Thorne will move
to Market street, between Wood
and Pond streets; and E. J. Faber
will remove to Philadelphia.

of the most degraded periods in
the whole history of the Democratic
party.

So far as Mr. Truman is con-
cerned, there is nothing else for
him to do. Years ago his prede-
cessor, for purely political rea-
sons, delivered the Democratic
party to the labor bosses of the
CIO. It has been servile and sub-
servient to them ever since. This
has been measurably true also of
the AFL, though the latter never
achieved the personal White House
influence and intimacy of the CIO.
After Mr. Truman became Presi-
dent, carrying out the Roosevelt
policies for exactly the same
political reasons he continued the
alliance and increased the sub-

servience. As a result, he has be-
come so deeply committed and
obligated to the labor bosses that
he has no freedom of action at all.
He is unable to consider any labor
problem on its merits.

best they possibly can do is to
equal their previous record. An-
other is that the results of the
1948 election on this issue were
not such as to justify optimism
from the angle of the labor-union
bosses for next year. In that year,
though Mr. Truman was pulled
through by the farmers, the CIO-
AFL showing was very poor. They
had proclaimed their purpose to
"drive out of public life" every
man who had voted for the Taft-
Hartley bill. With exceedingly few
exceptions these were renominated
and re-elected. Still another is that
the absurd pretension that the last
election was a "mandate" from the
people for Taft-Hartley repeal,
while still mouthed by the unctious
Mr. Murray and a few others, is
generally recognized now as com-
pletely phony. The real reason
for failure of the repeal fight is
that public sentiment did not favor
repeal. The signs are all the other
way.

HOWEVER, the same raucous pre-
tensions that the labor bosses
speak for the people will be made.
There will be a vast beating of the
labor drums and an unprecedented
pouring out of labor dollars in the
campaign. In brief, everything they
have will be put into the fight—
particularly in Ohio. For even the
most obtuse among them realize that
if Senator Taft, with prestige
enhanced by his recent Senate vic-
tory and strengthened by the re-
fusal of Governor Lausche to run
against him, is re-elected in Ohio
next year the chances are that in
1952 we will have the first Presi-
dent in the White House in twenty
years not shackled to the labor
bosses.

New Hearing Device
Has No Receiver
Button In Ear
Chicago, Ill. — Deafened people
are having a new device that gives
them clear hearing without making
them wear a receiver button in the
ear. They now enjoy songs, ser-
mons, friendly companionship and
business success with no self-con-
scious feeling that people are look-
ing at any button hanging on their
ear. With the new invisible Phono-
mold you may free yourself not
only from deafness, but from even
the appearance of deafness. The
makers of Beltone, Dept. 49, 1450
W. 19th St., Chicago 8, Ill., are so
proud of their achievement they
will gladly send you their free bro-
chure (in plain wrapper) and ex-
plain how you can test this amazing
invisible device in the privacy of
your own home without risking a
penny. Write Beltone today. (Ad-
vertisement)

Lt. Elmer M. Fischer Weds Dorothea Barto in Oregon

PORTLAND, Ore., July 11.—The Mt. Tabor Presbyterian Church, here, was the setting on Saturday at 4:30 for the marriage ceremony which united Miss Dorothea Beck Barto, formerly of Mt. Lebanon, Pa., and Lt. (j.g.) Elmer Molden Fischer, of Los Alamos, N. M., son of Mrs. Emma L. Fischer, of Bristol, Penna., and the late Frank Fischer. The bride is the daughter of Mrs. Harvey Frederick Barto, of this city, and the late Mr. Barto.

Dr. Robert R. Russell was the officiating clergyman, the ceremony being performed in a setting of white gladioli arranged in urns.

A gown of white eyelet embroidered organza over blue taffeta, was worn by the bride. Her short circular veil was held in place by a flara of matching illusion. She carried a white Bible with rubrum initials, and shower arrangement of Cecile Brunner roses.

The sole attendant for the bride was her sister, Mrs. Richard Wetzel, who wore a lace-trimmed gray crepe dress with matching draped hat, and carried a bouquet of red roses.

Mr. Virgil L. Fischer, cousin of the bridegroom, served as best man; and Messrs. Richard Wetzel, brother-in-law of the bride, and Kenneth R. Whitney, as ushers.

Choice of the bride's mother for the ceremony was a blue satin gown, rose taupe hat, and she carried a rose nosegay attached to her purse. The bridegroom's mother, Mrs. Fischer, was attired in aquamarine with black accessories, and wore a corsage of cymbidium orchids.

The reception took place in the gold room of the University Club, with dinner served members of the bride parties and of the families of the bride and bridegroom.

A motor trip through the western states is being participated in by the newlyweds, the bride upon leaving here being attired in a navy blue dress with matching accessories and a white coat. They will make their home at Los Alamos after the 1st of August.

The bride graduated from the University of Pittsburgh, Pa.; and Lt. Fischer from the Pratt Institute.

Today's Quiet Moment

By The Rev. Smerian B. Brown
Pastor
Bethel A.M.E. Church
Bristol, Pa.

Seemingly the "new look" has swept the country as the present style trend in fashion. Actually, it is a very old look revived.

However, spiritually speaking, there is a genuine "new look" awaiting those who are not Christians. It is the look John the Baptist meant when he said: "Behold the Lamb of God which taketh away the sin of the world."

One sincere, searching look directed to the Lord Jesus Christ brings a new look—a different outlook of life.

Multitudes of persons have experienced this new look to Christ; it has determined their future.

"Turn your eyes upon Jesus, Look full in His wonderful face, And the things of the world will grow strangely dim."

In the light of His glory and grace.

The Bible becomes important to one who looks upon Christ. It is no longer just another book but is esteemed as the inspired word of God and read with keen interest.

Spiritual significance is linked with comprehension. "The preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God." "The 'new look,' Biblically defined, is the look to God.

IT'S THE "BLOCKING" ST.

Meteorologists have been at
it again. They have come up with
a conclusion or two, none of
which will be much comfort to the
overheated and fretful citizens
of the East Coast, or other points.

They say this business has its
beginnings early last winter, when
Arctic air masses, which call the
turn on weather in the United
States, got out of whack. Nor-
mally, these third dimension
weather men say, the traffic pat-
tern of United States weather is
from west to east. After an ex-
ceedingly mild winter in the East,
everything should have started all
over again in April or May. But
it didn't happen that way.

During May, what they call a
"blocking high" formed in south-
ern Canada, and stopped the flow
of the west to east traffic. The
moisture took a bank shot off
this blocking high and was shunt-
ed southward. So, the South has
had the lower temperatures, and
excessive rains, while New Eng-
land has seen the land turn to
dust underfoot, and the thermom-
eter soar and stay up there.

What does one do about this
blocking high? Nothing, abso-
lutely nothing. One just sits and
takes it. The way the weather ex-
perts see it now, the remainder
of July will be about the same
piece of cloth as late June. But a
drought that finds a wide area
with only about 25 per cent of the
normal rainfall on the books can-
not be laughed off.

Of course, weather men have
been known to miss their shots.

LOWER, BUT STILL HIGH

There is no element of surprise
in the announcement by the Fed-
eral Reserve Board that the na-
tion's industrial production is
now at the lowest point in three
years and that it is likely to go
somewhat lower. Considering all
the circumstances, it is hard to
see how anything else could have
been expected.

The recession the country is
now experiencing is not pleasant,
but it is a normal reaction to the
unprecedented burst of business
prosperity that set in immediately
after the war. Beginning with
1946 there were so many needs to
be met—houses, automobiles,
household appliances, oil, clothes,
etc.—that industry was given an
impetus it had never had before.
Only the super-optimists or the
unthinking believed that a pace
of that sort could be kept up indef-
initely.

The encouraging feature of the
Reserve Board's report is the
statement that production today,
despite the recent drop, is still 74
per cent above the 1935-39 aver-
age. That is a sizable increase and
points up that conditions would
have to become perceptibly worse
before the nation sank near the
prewar industrial status.

The nation's economy gives
every indication of leveling out
on a broad plane of permanent
prosperity, with employment for
all who want it at high wages.
Only one factor can spoil the pat-
tern—impossible demands such as
a few unions are currently mak-
ing.

ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette
issue dated at Bristol Mar. 8, 1900. The Gazette, a weekly news-
paper published in Bristol, was discontinued following its merger

The Doylestown Intelligencer
says that petitions are in cir-
culation and are being numerous-
ly signed, asking the establishment
of a mail service trolley, between Do-
ylestown and Bristol. There are 12
post offices between the terminal
points, and a double daily service
is petitioned for. There are steam
railroad services touched by the
trolley road at Wycombe, Newtown,
Langhorne station, besides the ter-
minal, and perhaps, where the
Penn. Cut-off route crosses above
Langhorne. Thus, besides the di-
rect service proposed, there would
be excellent lateral connections
covering almost the whole of lower
Bucks County, and from the coun-
ty seat, if the proposed trolley
service shall be ordered by the Post
Office Department.

There is not an idle factory in
Bristol. The wall paper mill is al-
ready ready for occupancy by
Campbell & Company, and the only
remaining manufacturing estab-
lishment which was not under oper-
ation the history of J. R. Pear-
son, on Buckley street, has been
leased by a New York firm, Bruhn
& Robinson, who will take posses-
sion as soon as the necessary pa-
pers can be executed.

Superintendent Louise D. Bages,
report to the board of school direc-
tors for the month ending February
6, shows the following: Number of
scholars enrolled in the 13 depart-
ments of the borough schools, 752;
greatest number present, 738; least
number present, 597; average at-
tendance, 659; present every half
day, 252; new pupils admitted, 23;
number promoted, 258.

The street commissioner is en-
gaged in opening the fire plugs
and flushing the sewers today.

A double team driven by Israel
Allen, a farmer on the Stackhouse
farm, above Bristol, ran away on
Buckley street yesterday afternoon.
The horses ran up Buckley street,
crossed the Avenue bridge, across
the railroad to Radcliffe, through
Abbott's yard, out on Radcliffe
again and headed for home with
great speed. They were stopped at
the hollow bridge by Albert White
and Albert Stackhouse. It was
found that the horses were unin-
jured and no damage was done.

(Following items from Gazette of
March 15, 1900.)
The Third Ward Hose Company
will build an addition to its quar-
ters on Swain street to accommodate
the hose crab. The trustees of the

company have been instructed to
make the necessary arrangements
with some expressman for hauling
the chemicals to fires.

S. B. Hibbs, agent for the Trenton
Abator Company, has taken posses-
sion of the Tahrann property at
the corner of Radcliffe and Market
streets, which will be used as an
ice box and storehouse, from which
the local trade will be supplied with
meats.

The artesian well at the ice plant
was driven to a depth of 405 feet
without striking water and aban-
doned.

Seventeen new subscribers have
been added to the Bristol exchange
of the Delaware & Atlantic Tele-
phone Co.

St. Paul's Mission of Bristol has
presented a petition, under the
canons of the Episcopal Church, to
Bishop Whitaker, asking for a par-
ish priest. The instrument was
signed by 115 members of the Mis-
sion. Bishop Whitaker will serve
notice upon the three neighboring
parishes and within 20 days of such
service those who oppose the prayer
of the petitioners will have to
show cause before the standing
committee why the request of the
members of the Mission should not
be granted.

of the most degraded periods in
the whole history of the Democratic
party.

SO far as Mr. Truman is con-
cerned, there is nothing else for
him to do. Years ago his prede-
cessor, for purely political rea-
sons, delivered the Democratic
party to the labor bosses of the
CIO. It has been servile and sub-
servient to them ever since. This
has been measurably true also of
the AFL, though the latter never
achieved the personal White House
influence and intimacy of the CIO.
After Mr. Truman became Pres-
ident, carrying out the Roosevelt
policies for exactly the same
political reasons he continued the
alliance and increased the sub-

servience. As a result, he has be-
come so deeply committed and
obligated to the labor bosses that
he has no freedom of action at all,
is unable to consider any labor
problem on its merits.

FOR example, two years ago in his
first Taft-Hartley veto he (or his
message writer) actually adopted
the violent and denunciatory
language of Mr. Lee Pressman,
then general counsel of the CIO,
but since thrown out of the organi-
zation because of his communistic
affiliations, and tendencies. From
that time on Administration spokes-
men echoed the sheer distortion of
truth and vicious misrepresenta-
tions put out by the CIO and
AFL propaganda machines. Taft-
Hartley repeal became the No. 1
plank in the 1948 Democratic plat-
form and Mr. Truman's No. 1 per-
sonal pledge throughout his cam-
paign.

NOW, following the Democratic
victory and after applying the full
White House weight, he and his
labor allies have ingloriously failed
to put through the repeal. The de-
gree to which Mr. Truman and the
party management are hooked
leaves nothing to do save follow
his veto up with another violent-
ly denunciatory anti-Taft-Hartley
campaign next year in the hope of
strengthening the pro-labor forces
in Congress. The professional la-
bor-liberal publicists are already
screaming that the "lines are
drawn" and the 1950 elections will
determine whether the "forces of
evil" are to have their way or the
heaven-sent Roosevelt policies of
labor-union domination and dicta-
tion are to continue. They profess
confidence that once the issue
(Taft-Hartley repeal) is taken to
the people, the action of the Eighty-
first Congress will be repudiated.
Mr. Truman vindicated, and all
those who failed to "vote right"
(that is for repeal) will be thrust
into political oblivion. To this end,
the CIO and AFL are collecting
a huge political fund and prom-
ising an unprecedented campaign to
"get out the vote."

THERE are several things to inter-
fere with the smooth working of
this program. One, of course, is
that it will be very stiff stuff. The
same agencies—CIO, AFL, and the
Administration—had a tremendous
anti-Taft-Hartley campaign last
year. They literally went the limit.
It simply is not possible to be
more violent, vituperative and
vicious than they were then. The

best they possibly can do is to
equal their previous record. An-
other is that the results of the
last election on this issue were
not such as to justify optimism
from the angle of the labor-union
bosses for next year. In that year,
though Mr. Truman was pulled
through by the farmers, the CIO-
AFL showing was very poor. They
had proclaimed their purpose to
"drive out of public life" every
man who had voted for the Taft-
Hartley bill. With exceedingly few
exceptions these were renominated
and re-elected. Still another is that
the absurd pretension that the last
election was a "mandate" from the
people for Taft-Hartley repeal,
while still mouthed by the unctu-
ous Mr. Murray and a few others,
is generally recognized now as
completely phony. The real reason
for failure of the repeal fight is
that public sentiment did not favor
repeal. The signs are all the other
way.

HOWEVER, the same raucous pre-
tensions that the labor bosses
speak for the people will be made.
There will be a vast beating of the
labor drums and an unprecedented
pouring out of labor dollars in the
campaign. In brief, everything they
have will be put into the fight—
particularly in Ohio. For even the
most obtuse among them realize
that if Senator Taft, with prestige
enhanced by his recent Senate vic-
tory and strengthened by the re-
fusal of Governor Lausche to run
against him, is re-elected in Ohio
next year the chances are that in
1952 we will have the first Pres-
ident in the White House in twenty
years not shackled to the labor
bosses.

Lt. Elmer M. Fischer Weds Dorothea Barto in Oregon

PORTLAND, Ore., July 11.—The Mt. Tabor Presbyterian Church, here, was the setting on Saturday at 4:30 for the marriage ceremony which united Miss Dorothea Beck Barto, formerly of Mt. Lebanon, Pa., and Lt. (j.g.) Elmer Molder Fischer, of Los Alamos, N. M., son of Mrs. Emma L. Fischer, of Bristol, Penna., and the late Frank Fischer. The bride is the daughter of Mrs. Harvey Frederick Barto, of this city, and the late Mr. Barto.

Dr. Robert R. Russell was the officiating clergyman, the ceremony being performed in a setting of white gladioli arranged in urns.

A gown of white eyelet embroidered organza over blue taffeta, was worn by the bride. Her short circular veil was held in place by a tiara of matching illusion. She carried a white Bible with rubrum initials, and shower arrangement of Cecil Brunner roses.

The sole attendant for the bride was her sister, Mrs. Richard Wetzel, who wore a lace-trimmed gray crepe dress with matching draped hat, and carried a bouquet of red roses.

Mr. Virgil L. Fischer, cousin of the bridegroom, served as best man, and Messrs. Richard Wetzel, brother-in-law of the bride, and Kenneth R. Whitney, as ushers. Choice of the bride's mother for the ceremony was a blue satin gown, rose taupe hat, and she carried a rose nosegay attached to her purse. The bridegroom's mother, Mrs. Fischer, was attired in aquamarine with black accessories, and wore a corsage of cymbidium orchids.

The reception took place in the gold room of the University Club, with dinner served members of the bridal parties and of the families of the bride and bridegroom.

A motor trip through the western states is being participated in by the newlyweds, the bride upon leaving here being attired in a navy blue dress with matching accessories and a white coat. They will make their home at Los Alamos after the 1st of August.

The bride graduated from the University of Pittsburgh, Pa.; and Lt. Fischer from the Pratt Institute.

Today's Quiet Moment

Seemingly the "new look" has swept the country as the present style trend in fashion. Actually, it is a very old look revived.

However, spiritually speaking, there is a genuine "new look" awaiting those who are not Christians. It is the look John the Baptist meant when he said: "Behold the Lamb of God which taketh away the sin of the world."

One sincere, searching look directed to the Lord Jesus Christ brings a new look—a different outlook of life.

Multitudes of persons have experienced this new look to Christ; it has determined their future.

"Turn your eyes upon Jesus, Look full in His wonderful face, And the things of the world will grow strangely dim.

In the light of His glory and grace."

The Bible becomes important to one who looks upon Christ. It is no longer just another book but is esteemed as the inspired word of God and read with keen interest. Spiritual significance is linked with comprehension. "The preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God."

The "new look," Biblically defined, is the look to God.

SOFTBALL RACE BECOMES HOTTER BY 5TH WARD WIN

The Bristol Suburban Softball League race became hotter after the Fifth Ward Sporting Club defeated Franklin A. C. yesterday morning on Memorial Park field by the score of 10-4.

"Chick" DiAngelo sparked the Warders to the plate three times and hit a home run, double, and single. His home run was one of the longest drives on Memorial field this season and came in the fourth inning with "Seddie" Caro on base.

"Brown" Cordisco also had three hits, a double and pair of singles. In fact, the only player in the Fifth Ward line-up who did not hit safely was "Lefty" DiTanna. "Al" Cordisco did not get a chance to bat, he being replaced by DiAngelo in the first inning.

While the Warders were making their fifteen hits off "Jim" Brescia, the ultimate losers were having difficulty in getting to "Pete" Mancini. Mancini limited the Franklin team to five hits and of these, "Angie" Spinelli had two. He also reached base on an error.

the Edgely Hill onto Bristol Pike, Sunday morning.

The car headed for the Mannheim barber shop on the south side of Bristol Pike. The car struck the hedge and pavement and scraped the building, damaging it.

None of the occupants were injured and upon examination it was said that the oil line had failed to function. Chief Joseph Seader, Bristol Township investigated.

Mrs. Louise Indelicato, 1902 Trenton ave., Bristol, was driving a car on Route 13 early Sunday morning when it and one driven by some residents of Trenton collided at Green Lane and Route 13.

Mrs. Indelicato was taken to the Harrison Hospital but was found not to have been injured.
